## OUTLOOK

The leasing activity was steady during the first half of 2019 with the ~ 4.8 million sq.ft of absorption. The majority of the traction was seen in the peripheral micro-markets (Malad, Goregaon, Thane Belapur Road, Andheri, Powai & Navi Mumbai). This absorption was backed by demand from IT / ITeS, BFSI, Captive centers and Co-working / flexible office space operators. Companies like WPP, Netlix, CMA CGM, Bloomberg, Tata Communications, WeWork, Yes Bank, Fractal Analytics were the space takers in H1 2019. Large pre-committed leases shall be delivered by end of 2019 which will boost the supply and absorption. Apart from this, there is a strong pipeline of new supply (~11 million sq.ft) expected from Nirlon, Godrej, K Raheja Corp, Nesco Realty by end of 2020. Though there were substantial transactions the overall vacancy remained at ~19% owing to the new supply in H1 2019. There was a marginal increase in the rentals across all micro-markets which is like to be stable till end of 2019.
